

### REMARKS

The Advisory Action mailed June 6, 2008, indicates that Applicants prior amendment has not been entered. At page 2 of the Advisory Action, it appears that the concern is the terms "solvates, stereoisomers or polypolymorphs" remaining in the claims. Accordingly, the present amendment deletes these terms. Moreover, the present amendment again proposes the two titles from the prior amendment, which were provided at the behest of the Examiner.

It is accordingly respectfully submitted that the foregoing amendment should be entered, inasmuch as it eliminates all remaining issues, and places the case in condition for allowance. Passage to issue is thus respectfully requested.

The Commissioner is hereby authorized to charge any fees associated with this response or credit any overpayment to Deposit Account No. 13-3402.

Respectfully submitted,

/Harry B. Shubin/
